Mesa Engineered Tank Products Announces New Business Agreement to Expand in Canada

Cincinnati, OH – August 7, 2015 - Mesa Engineered Tank Products (www.mesaetp.com) is excited to announce an agreement with Mark Vandenhouten and his company Marshier Inc., to provide quality products to the Canadian market.

Mesa ETP has an extensive history providing products to Canada's large network of storage facilities and feels this agreement is critical to strategic growth throughout the country. "Mark's background and extensive network of connections in the Canadian marketplace provides Mesa with an outstanding resource to help drive our international expansion strategy. We are very pleased to partner with Mark to expand our product and service value offerings in Canada," said David Schafer, Director of Sales Mesa ETP.

Mr. Vandenhouten brings years of experience in the tank storage business industry including, experience in facility management and a track record of successfully managing large and complex projects in the oil and gas industries. "I am very excited to be associated with Mesa ETP. I know from first-hand experience their products are of the highest quality and the commitment to their customers is unparalleled," said, Mark Vandenhouten, President Marshier Inc.

About Mesa Engineered Tank Products

Mesa ETP is a leading manufacturer of products for refineries, terminals and storage tank facilities with nearly fifty years' of experience delivering quality, American made products. Mesa ETP is a division of Mesa Industries, a certified women-owned business through the Women's Business Enterprise National Council (WBENC) with headquarters in Cincinnati, OH and additional offices in Houston, TX and Monrovia, CA.
